Player handles and sources

Bob histories remain combined under @bljduffer70. Morris attendance is 100% by organizer confirmation. Historic Full 18 layouts are two laps of the nine physical holes. The workbook contains individual raw holes, complete same-night head-to-head comparisons and every source event.

80% mean weekly completed-singles field-percentile points + 20% attendance. Sep 1-Oct 13 attendance counts twice. Rank all in-scope players; no minimum attendance requirement for tournament entry. Ranking ties: mean points, recent attendance, total attendance, average throws, name. Season rank is not tournament seed.

UDisc source scorecards downloaded October 27; October 20 and later scores excluded. Bob's two accounts remain combined; only @bljduffer70 is displayed. Historical Full 18 scores represent two laps of the nine physical holes.
